

Community Association

## **Did you know over 70% of youth will drop out of organized activities by age 13?**

### **Our Mission**

Enable youth to participate in activities that promote positive lifestyles which contribute to healthy communities.

### **Our Philosophy**

Braefoot strongly believes that the more positive activities our youth participate in, the less time they are exposed to potentially negative influences. Braefoot's efforts to integrate communities, programs and businesses to find successful relationships which promote and enable youth to be active will have long term benefits to the health of communities.

### **Active in the Community Program**

Our "Active in the Community" program aims first to create awareness of the importance of leading an active lifestyle through a partnership with schools, quality youth programs and local businesses. Braefoot will draw on these partnerships to award "Active in the Community" recipients sponsorship into their selected program.

### **Our Bursary Program**

Every year the Braefoot Community Association awards outstanding young adults with Bursaries at the annual Friends of Braefoot Dinner. Priority is given to applicants who demonstrate financial need and who serve as positive role models for youth. To date, Braefoot has awarded over 200 Bursaries and has established a bursary fund of over \$226,000.
